

SYNC DATA FROM SIMMS TO QUICKBOOKS, SIMPLY ACCOUNTING AND MYOB®

Easily Synchronize data from SIMMS to QuickBooks, Simply Accounting or MYOB with the Export to Accounting Software Link. You only need to enter data in SIMMS and when synched the data will also be in your accounting software package.

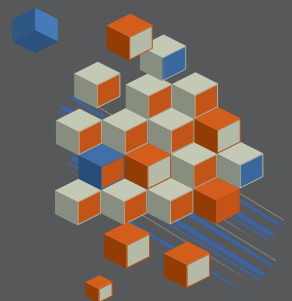

This feature not only saves you the time of manually entering data, but it also minimizes the problems of duplicate, redundant and wrong data common to manual data entry.

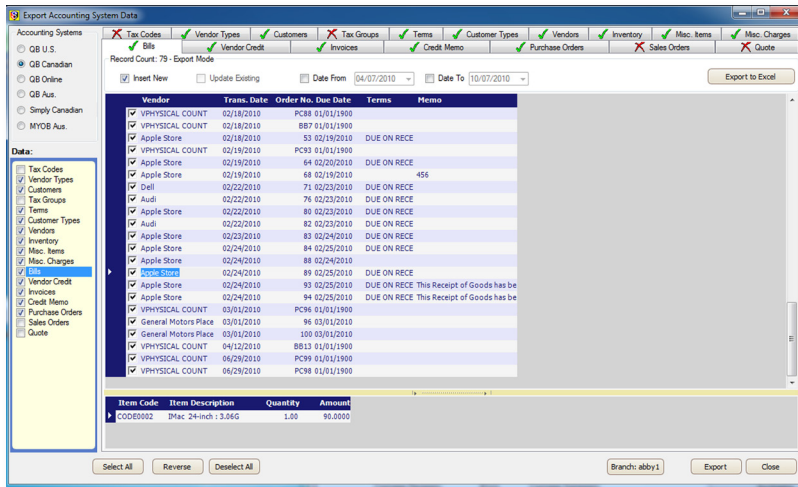

Now by synching your data between SIMMS Inventory Software and QuickBooks, MYOB or Simply Accounting you ensure data accuracy, enhance your flexibility, and increase your control over your bottom line.

WHAT SIMMS CAN DO FOR YOUR BUSINESS

- Eliminate the need for manual data entry
- Reduce inaccuracies
- Improve productivity
- Gain mastery and options over your bottom line

The Inventory Software Solution you can rely on
